

## Ssethregore: In the Coils of the Serpent Empire (Arcanis: The World of Shattered Empires; PCI1109)

The Ssethric peoples once extended their influence from horizon to horizon; they were masters of all they surveyed. From atop the coiled throne of Yahssremore, in what is now the Blessed Lands, they enslaved or exterminated numerous lesser races during millennia of slaughter. This dominance was squandered by arrogance and centuries of decadence, however, and the reptiles found themselves fleeing for their lives, into the swamps and jungles of the south. Now, in the fetid marshes of the Kraldjur Morass live the debased offspring of the once-vast Ssethregoran Empire. Fighting constant wars against the Elorii of Malfelen and the Altherian Republic, these scaly horrors seek to return to their rightful place as the overlords of Onara.
