

GAAS Guide, 2015 (with CDROM) (Miller Gaas Guide)

CCHs GAAS Guide describes the engagement standards, practices, and procedures in use today, including Statements on Auditing Standards (SASs) and their Interpretations, Standards for Attestation Engagements (SSAEs) and their Interpretations, and Statements on Standards on Accounting and Review Services (SSARS) and their Interpretations. The 2015 Edition of the GAAS Guide reflects the latest available professional standards. Most importantly, changes in auditing standards and the related Codification of Statements on Auditing Standards resulting from the Auditing Standards Boards (ASB) Clarity and Convergence Project. This edition includes coverage of SAS122 (essentially all of the AUC sections) (Clarification and Recodification), issued in October 2011, SAS123 (AUC 200, AUC 230, AUC 260, AUC 705, AUC 720, AU 915, and AUC 935) (Omnibus Statement on Auditing Standards 2011), issued in October 2011, SAS124 (AUC 910) (Financial Statements Prepared in Accordance with a Financial Reporting Framework Generally Accepted in Another Country), issued in October 2011, SAS125 (AUC 905) (Alert that Restricts the Use of the Auditors Written Communication), issued in December 2011, SAS126 (AUC 570) (The Auditors Consideration of the Entity's Ability to Continue as a Going Concern), issued in July 2012, and SAS127 (AUC 600 and AUC 800) (Omnibus Statement on Auditing Standards 2013), issued in January 2013. SAS122 is particularly noteworthy as it represents the culmination of the ASBs efforts to clarify the auditing standards and to largely converge its standards with the standards of the International Auditing and Assurance Standards Board (IAASB). Designated by the new AUC section numbering, the recodified, clarified standards numbers are the same as the equivalent ISA numbers for

clarified SASs that are based on equivalent ISAs (AUC section numbers for clarified SASs with no equivalent ISAs have been assigned new numbers). The GAAS Guide incorporates these new requirements throughout the affected auditing standards and includes coverage of AICPA pronouncements for the following standards: SAS127 (AUC 600 and AUC 900) (Omnibus Statement on Auditing Standards 2013) SSAE17 (AT 301) (Reporting on Compiled Prospective Financial Statements When the Practitioners Independence Is Impaired) SSARS20 (Revised Applicability of Statements on Standards for Accounting and Review Services) All the exhibit materials in the book appear on the accompanying CDROM. All the sample letters, reports, and checklists found in this guide can be printed and customized to meet all your auditing, attestation, compilation, and review engagement needs. The GAAS Guide meets accounting industry standards as overseen by the AICPA's peer review system (the book reproduces a letter by the book's peer reviewer). This book can be used in conjunction with the GAAS Update Service.
