

## Worth The Shot: A Bannister Brothers Novella (A Bannister Brothers Book Book 2)

Addison Cavanaugh had one rule: Do not date hockey players. So kissing the newest trade to her dads team should have been off-limits--even if he is hot enough to melt the ice. After being traded in the middle of the season, Bane Bannister wasnt looking for trouble. In fact, hed been strictly instructed by his new coach to stay out of trouble and away from women. Too bad the only woman hes interested in happens to be the coachs daughter. Is the hunky hockey player enough to make Addison break her only rule? Is the new player worth the shot or is she risking her heart in a game she cant possibly win?
