It's far more than just cute pictures of farm animals and superheroes. The images used in adult coloring books cover more adult-ish themes. There are mythical beings, religious symbols like mandalas, though there are some animals thrown in for fun. That's one of the appeals about adult coloring books like this. They are fun. They do let you take yourself back in time and be a kid again, but without being a total kid. The pictures are things that appeal to adults in more ways than one. Coloring in the pictures in a book like this is a great way to relieve stress and just let go and escape things for a time. When you color in you focus on the picture. You dedicate your mind to it, and take it away from other things. Plus when you are done you are left with something that's really visually appealing.
