

## Immersed in Great Affairs: Allan Nevins and the Heroic Age of American History

Immersed in Great Affairs is the first book-length biography of noted historian and journalist Allan Nevins. In a career that spanned nearly three-quarters of the twentieth century, Nevins won two Pulitzer Prizes, helped draft John F. Kennedy's acceptance speech at the 1960 Democratic National Convention, composed the monumental eight-volume history of the American Civil War, *Ordeal of the Union*, and associated with, among others, Adlai Stevenson, Walter Lippmann, Arthur Schlesinger Sr., Charles Scribner, Abraham Flexner, and John D. Rockefeller Jr. This book traces his beginnings as a journalist in the early 1900s with the *New York Evening Post* and the *New York World* through his years as a contributor to the *New York Times Magazine*. Nevins not only influenced thoughtful, general readers through his articles, editorials, and reviews, but also made a lasting impression on the writing of American history and nurtured a whole generation of young scholars as DeWitt Clinton Professor of History at Columbia University. A narrative historian in an age of growing reliance on social science concepts and theories, Nevins remained committed to telling a story and to using history to teach moral lessons.
