

## Dramas da Obsessao (Portuguese Edition)

This is one more highly doctrinal work, given through the mediumship of Yvonne A. Pereira. It is divided into two stories based on real events: Leonel and the Jews and The Strictness of the Law. Both stories show that we cannot escape the law of cause and effect (action and reaction), a law that perfects our souls with the practice of Love. In telling these two gripping stories, the spirit Bezerra de Menezes succeeds in holding the readers attention from beginning to end, presenting invaluable lessons that stand out on every page. If on the one hand Tales of Obsession helps us understand the phenomenon of obsession, on the other it puts us on par with the dreadful connections that hate and revenge forge between individuals, sometimes requiring centuries of suffering until dissolved by the gentle touch of forgiving seventy times seven.
