

## Of Sun & Moon (Midnight Guardian Series Book 1)

Teens are disappearing in a small river town in southern Ohio as Keira Ryan begins her freshman year. Kidnappings aside, her worries mount as she crushes on an older guy, her best friend starts dating a spoiled cheerleader, and the parents that abandoned her at birth arrive at her doorstep. And, oh yeah, shes a tooth fairy destined to kick some butt and bring about the end of a royal line of vicious, blood-sucking tyrants. Over the years, humans have pieced together sightings and assumptions to create the myth of the tooth fairy. As it turns out, they were pretty much wrong.
