

Dark Secret: Dark Series, Book 15

Rafael De La Cruz has spent centuries hunting vampires with his brothers. With each passing year, his capacity to feel emotions has grown weaker and weaker, until finally there's barely a memory of one left - only sheer willpower keeps him from turning into the very abomination he hunts. But it'll take more than will to keep him away from the woman who is meant to be his and his alone. For five years, rancher Colby Jansen has been the sole protector of her younger half-siblings, and with fierce determination and work she has kept her family together and the ranch operational. Now, the De La Cruz brothers are threatening that stability. They claim that her siblings belong with their fathers' family, not with her. Colby vows to fight them - especially the cold and arrogant Rafael De La Cruz. But Rafael is after more than her family; he wants Colby, and will not let anything stand between them. After ages of loneliness, the raw desire to possess her overwhelms his very soul, driving him to claim her as his lifemate.
