

# Chod Practice Manual and Commentary

This splendid resource for Chod practitioners contains the Chod sadhana written by the Fourteenth Karmapa. This daily practice text is given in three versions: Tibetan, a phonetic rendering of the Tibetan, and English translation. Jamgon Kongtrul's commentary on the sadhana supplies necessary amplification and clarification; it is given both in English and Tibetan. An important feature of the commentary is the inclusion of illustrations for the different stages of visualization discussed within the commentary. All in all, this is an essential practice tool and reference guide for the serious Chod practitioner.
