

Dharma Paths

Since its initial publication, Dharma Paths has quietly gained a reputation as one of the most useful introductory texts on Tibetan Buddhism. Assuming no prior background or knowledge of Buddhist terminology, Khenpo Karthar Rinpoche presents Buddhist ways of working with anxiety and frustration, the nature and development of love and compassion, and the profound methods of the vajrayana. The Four Noble Truths, taking refuge, and the Stages of the Path are concisely explained, and clear instructions for shamatha (calm abiding) meditation are provided. Question-and-answer sections follow each chapter, anticipating common problems and addressing them in a direct, accessible style.
