If you like your sex hot, and your men hotter, this is a must read. -- BookWenches[Siren Menage Amour: Erotic Menage a Quatre Romance, F/M/M/M, with BDSM] Patton Jones has been deceiving Chase, Slade, and Devin Davis, but shes tired of playing the sweet, innocent, sisterly figure. When the brothers confront her with her lies, she decides its time for the Davis brothers to see her as the woman she really is. Patton isnt the only one keeping secrets and the brothers fear that their own hidden lifestyle might be more than their little woman can handle. The brothers are unaware that Patton knows about their dark desires and is not the least bit intimidated. Knowing and experiencing are two different things. As Patton tastes small samples of the forbidden fruit, she becomes even more reckless in her enthusiasm to get the three brothers into her bed. Pattons wild schemes go too far and the brothers have to make a decision that will seal all their fates. Pattons Way is like being the eye of a storm. I love the way the four strong characters constantly clash and intertwine. This is a totally character driven story, where the characters suck you straight into their world and whip you through the madness theyre living in. I hope everybody else enjoys it as much as I do. ~ Jenny ~A Siren Erotic Romance
