

## Red Flags and Bottom Lines

A thought-provoking and compassionate true story of intrigue and suspense as Janyce's childhood and adolescent years unfold living in a home plagued by violence and child abuse. Janyce escapes and starts her adulthood, only to be trapped in a violent situation once again; this time by an abusive husband. Positive attitudes, optimism and hope prevail as she strives to accomplish her second escape; this time not only for herself but also for her children. This is Janyce's story of domestic violence as she lived and survived it. She has written *Red Flags and Bottom Lines* with her heart, honesty and as open as humanly possible, to offer help, hope and specifically to save lives.
