

Global Corporate Finance: Text and Cases

Global Corporate Finance provides students with the practical skills needed to understand global financial problems and techniques. The fifth edition of this distinguished text emphasizes shareholder value and corporate governance, global strategy, and corporate finance practice. A user-friendly text organized for students, its chapters progress from a sturdy foundation of essential basic topics to advanced material and applications. Each chapter begins with a real-world mini case that is explained further by theories and research findings presented in that chapter. Other features include: illustrations, examples, figures, and tables integrated throughout the text to clarify financial concepts and techniques; short chapter summaries that provides a handy overviews of key concepts for review; and a generous number of questions and problems that support text discussions and re-emphasize definitions, concepts, and the application of theory. Strengthening the teaching value of this book are the extensive supplementary materials. These include: A Student Study Guide An Instructors Manual and Test Bank Transparency Masters of Lecture Notes Authors Global Corporate Finance Website and Web Resources: www.mich.com/~kimsuk/ 40 Internet Exercises With the addition of twenty-six new case studies, an enhanced focus on international topics, and increased coverage of emerging markets, this new edition is an indispensable text for undergraduate and graduate students.
