

The Garden of Allah

The Garden of Allah explores the Spiritual Key to Isaiah XXXV. Even those who love the Bible most are apt to make the mistake of looking upon it as merely a book, the greatest book ever written, no doubt, but still a book; whereas the truth about the Bible is that it is really a spiritual vortex in which spiritual power pours from the Absolute or Divine Plane into the physical plane or plane of manifestation. But the Bible is not only the great source of spiritual truth, it is also the greatest collection of literary masterpieces that we possess. Almost every literary form is represented in the Bible, both in prose and poetry. Above all, the Bible abounds in beautiful and powerful prayers and treatments, and this reason alone makes it for us the most important book in the world. Emmet Fox

EMMET FOX BIOGRAPHY

Born in Ireland on July 30, 1886, Emmet Fox was primarily educated in England yet pursued his spiritual career largely in the United States, before dying in France on August 13, 1951. His father, who died when Fox was nine, was a physician and member of Parliament. Fox attended Stamford Hill Jesuit college near London, becoming an electrical engineer. Early in his life Emmet discovered he had healing powers, and from the time of his late teens studied New Thought. Fox learned a great deal from prominent New Thought writer Thomas Troward. In 1914, Fox attended an organizational meeting of the INTA (International New Thought Alliance). He gave his first New Thought talk in Mortimer Hall in London in 1928. Soon he went to the United States, and in 1931 was selected to become the successor to the James Murray as the minister of New Yorks Church of the Healing Christ. Fox became immensely popular, and spoke to audiences in some of the largest halls in the city. He was ordained in the Divine Science branch of New Thought. While Emmet Fox lived he addressed some of the

largest audiences ever gathered to hear a New Thought minister. His books and pamphlets have been distributed to over three million people and it can be conservatively estimated that they have come into the hands of ten million. Fox's secretary was the mother of one of the men who worked with Alcoholics Anonymous co-founder Bill Wilson, and partly as a result of this connection early AA groups often went to hear Fox. His writing, especially The Sermon on the Mount, became popular in AA. The influence of Emmet Fox in the propagation of New Thought ideas lies not simply in the large number of his readers, but in the fact that he is so widely read works by ministers of all denominations. A check in large denominational bookstores in various cities from time to time has revealed that Emmet Fox's books are in constant demand; and these are the stores in which ministers chiefly buy their books. They are probably not aware that he is a New Thought minister, yet they devour his books like manna. There is nothing sectarian, certainly, in the titles The Sermon on the Mount and The Ten Commandments, nor is there anything about them outwardly to indicate that they are New Thought, and nearly half a century after his death, the writings of Emmet Fox remain influential.
