

Bregles Soul-Winning Collection: Volume 1

Samuel Logan Bregle, in his classic work *The Soul-Winners Secret*, says that the books in this series will make a library that can be read again and again with untold profit by soul-winners. While some may contend that these works are dated and irrelevant, we must remember that people are still people, sin is still sin, and cure is still Jesus Christ. Yes, some of the methods of soul-winning may need updated with the culture, but the heart remains unchanged. These books are sure to bless the reader, and there is no doubt that God can use them to change the heart more into His likeness and to birth a greater love for the lost into each of us. These volumes include an Active Table of Contents for swift navigation. Added to this collection are the works of S.L. Bregle himself, who was indeed a renowned soul-winner, but was also too humble to include his own books in his list of recommendations. This volume contains: *A Serious Call to a Devout and Holy Life* by William Law, *Selections from Sermons on Several Occasions* by John Wesley, *Popular Christianity* by Catherine Booth, *Lectures on Revivals of Religion* by Charles Finney, and *The Soul-Winners Secret* by S.L. Bregle.
