

# In the Land of Believers: An Outsiders Extraordinary Journey into the Heart of the Evangelical Church

Ever since evangelical Christians rose to national prominence, mainstream America has tracked their every move with a nervous eye. But in spite of this vigilance, our understanding hasnt gone beyond the caricatures. Who are evangelicals, really? What are they like in private, and what do they want? Is it possible that beneath the differences in culture and language, church and party, we might share with them some common purpose? To find out, Gina Welch, a young secular Jew from Berkeley, joined Jerry Falwells Thomas Road Baptist Church. Over the course of nearly two years, Welch immersed herself in the life and language of the devout: she learned to interpret the world like an evangelical, weathered the death of Falwell, and embarked on a mission trip to Alaska intended to save one hundred souls. Alive to the meaning behind the music and the mind behind the slogans, Welch recognized the allure of evangelicalism, even for the godless, realizing that the congregation met needs and answered questions she didnt know she had. What emerges is a riveting account of a skeptics transformation from uninformed cynicism to compassionate understanding, and a rare view of how evangelicals see themselves.
