

Shadows of Silence

Alex is a rock star. A rock star with a big secret. And when handsome Seth accidentally stumbles across it, their lives are changed forever. But when Alex is assigned to tutor Seth, neither can control their burning attraction for each other. Family and stalkers further complicate the uncharted waters the two boys find themselves navigating through. Can their desire and growing love for each other be enough to keep them safe from the dangers that surround them? Or will giving up be their safest option?
