

Managerial Accounting

The uses of managerial accounting information, especially in regards to decision making, is the main focus of this non-procedural text. Information on the preparation of accounting information is limited and in the latter part of the text. Like earlier editions, the new edition of MANAGERIAL ACCOUNTING is written for both undergrad and graduate students. Plus, the new edition also contains a wide variety of assignment material, with increased use of cases based on CMA exams, just as prior editions have. This edition includes:
