

A Womans Guide to Successful Negotiating: How to Convince, Collaborate, & Create Your Way to Agreement

All day, every day, we negotiate: with our friends, spouses, children, boss, customers, and co-workers. A Womans Guide to Successful Negotiating builds on womens innate skills in professional and personal situations. Drawing upon their considerable experience, as a top corporate negotiator and as an investment banker, Lee and Jessica Miller have developed proven strategies, tactics, and techniques that tap into womens abilities to convince, collaborate and create. The authors feature innovative strategies for negotiating with aggressive men and competitive women. The authors also explore the ten common mistakes women make during negotiations and how to avoid making them. In addition, the book will teach you 3 keys to successful negotiating. Whether negotiating for a raise or where to go to dinner with your boyfriend, this book shows you how to get what you want.
