

Baby Choices - Tips & Choices For Parents

A little example from the book: If you've decided on formula as the decision for feeding your baby, you may be a bit confused about all the decisions. There are lots of options to help you find the kind that will greatest suit your baby's needs and your life-style. Whenever you are in the hospital, in case your baby is getting formula, it's going to likely be pre-mixed in one serving disposable bottles, and will be a name brand, milk based formula. This may just be what your pediatrician recommends and will work well for most babies. You might be capable to use this for the whole first year, with no issues...
