

Pioneers of France in the New world

In the sixteenth century, Spain claimed the fabled New World, and a rash of explorers sailed there seeking riches and, most famously, a fountain of youth. Although France made inroads into Florida, ultimately the French, like the Spanish, failed to establish dominion over North America. Francis Parkman tells why. The first part of *Pioneers of France in the New World* deals with the attempts of the Spanish and the French Huguenots to occupy Florida; the second, with the expeditions of Jacques Cartier and Samuel de Champlain and French colonial endeavors in Canada and Acadia. *Pioneers* is a stirring story, capturing the era of the earliest explorations in North America.
