

## The Movie Doctors

For over a decade, Simon Mayo and Mark Kermode have been sharing their film expertise with each other (and occasionally the odd listener) on BBC Radio. Now they bring their unique blend of deep movie knowledge and medical ignorance to their new guise as the Movie Doctors, armed and ready to offer improbable cinematic cures for the dilemmas of modern life. Need an alternative to counting sheep? Try *The Piano*. Tinnitus driving you up the wall? *Interstellar* can help. Stressed and anxious? *The Big Lebowski* is what you need. Mayo and Kermode also take their scalpel to sick movies, dissecting the perils of excessive length, the ill effects of glowing praise and warning how cosmetic surgery can change the face of a film. Celluloid or humanoid, the Movie Doctors are here to help.
