

## Song of the Fireflies

From the New York Times best-selling author of *The Edge of Never* and *The Edge of Always*. The truth will set them free... Brayelle Bates has always been a force of nature. Even as a child, Brays wild and carefree spirit intimidated everyone around her. The only person whos ever truly understood her is her best friend, Elias Kline. Though every fiber of her being wants to stay with Elias forever, Bray cant bear the thought of him discovering her agonizing history. Shes done everything she can to keep him at arms length, including moving away. But their undying bond was too strong a pull to deny, and Bray couldnt survive without him. Now shes back home with Elias, and things have never felt more right - until one night changes everything. Elias vowed never to be separated from Bray again. So when she decides to flee in a desperate attempt to escape her fate, Elias knows he must go with her. As the two try to make the most of their circumstance, taking up with a reckless group of new friends, Elias soon realizes theres a darkness driving Bray he cant ignore. Now in order to save her, hell have to convince Bray to accept the consequences of their reality - even if it means losing her.
