

# Speaking of Homosexuality: Discussing the Issues with Kindness and Clarity

Former Gay Activist Paves the Way to Peaceful Conversation Homosexuality and gay marriage stand among perhaps the greatest defining cultural battles of our age. There's no escaping the inevitable conversations--so how does a Christian respond with love and biblical truth without adding fuel to the fire? Drawing on nearly thirty years of counseling people struggling with homosexuality, former gay activist Joe Dallas takes readers through virtually every argument they are likely to hear in favor of normalizing homosexuality. He helps readers understand the views of LGBT people they may know and respond with clarity, confidence, and compassion. He shows the most effective ways to engage the subject on social media and in everyday encounters with guidelines for talking points, dialogue, approach, and tone, and even provides sample dialogue. Anyone who has been searching for ways to have productive, loving conversations surrounding this critical topic will find this incredible resource a must-have. At one time or another every twenty-first-century Christian is likely to be confronted about his or her views on homosexuality. But how can we approach this challenging issue in a way that faithfully reflects Jesus's heart and mind? Joe Dallas answers that question in this clear and compelling guide for engaging others with both gentleness and biblical truth.--Jim Daly, president, Focus on the Family I've often said no one understands the subject of same-sex sexuality better than my friend Joe Dallas. This book, his best yet, only confirms my conviction. I'm not speaking merely of Joe's formidable knowledge of truth, but also the wisdom of its application through crystal-clear and concise communication. In the wake of the June 2015 US Supreme Court's redefinition of marriage, *Speaking of Homosexuality* will equip you to engage a topic that is foundational to human

civilization.--Hank Hanegraaff, president, the Christian Research Institute; host of the Bible Answer Man broadcast  
Speaking of Homosexuality is one of the most clear and informative books on the subject. Dallas responds to the most common Revisionist arguments with clarity, but also genuine kindness. If you want one book to offer biblical and historical truth about homosexuality, but also how to lovingly put that truth into action, then you wont find a better book.--Sean McDowell, PhD, professor of Christian apologetics, Biola University; author, Same-Sex Marriage and Apologetics for a New Generation  
In answer to the urgency of our worlds current situation, Joe Dallas has now crafted a resourceful tool filled with biblical truth and insightful strategies.  
Speaking of Homosexuality is essential for every person in need of answers for themselves, a family member, or a friend struggling with same-sex attraction.--Joni Lamb, cofounder, Daystar Television Network  
There is no question that one of the most difficult issues facing the church today is the subject of homosexuality. But God didnt leave us in the dark on the topic of human sexuality. He gave us clear directives for this part of our lives so that we might experience the abundant life He promises. But speaking those guidelines to a confused church and a hardening culture isnt easy. No one does it better than Joe Dallas. Like no other voice I hear, Joe both lives and ministers with that continual balance of truth and love on this most contentious topic. In a day where Christians are growing more silent, we need a book like this to teach us how to winsomely engage while never retreating from Gods protective Truth. This is a must-read for the church today!--Janet Parshall, nationally syndicated talk show host
