

## The Grammar of Social Relations: The Major Essays of Louis Schneider

This collection of the writings of Louis Schneider, an exceptionally gifted sociologist of religion the history of ideas, provides a sensitive but rigorous view of the place of ideas in social life. Divided according to the principal areas in which Schneider conducted research history of social thought, principles of social theory, sociology of religion are essays on evolution, styles of research, and moral choice in human relations. His knowledge of systems of thought dialectical, functional, and phenomenological was peerless. The unifying theme in his work is the place of cultural formations in social structures; as a result, his writings are alive with persons no less than systems.
