

## Worth Dying For

Too often in our lives we base what we are worth on what others think and not on what really matters. We pick the clothes we wear, the phone we carry and even the people we hang out with because they make us feel like we're worth more. We all have people who help bring value to our lives. We find this value in what our fellow students, friends, family, coaches, teachers, and even bosses say about us each day. However, the Creator of the universe values us on a completely different level eternity. When we find out how He values us, our perspective on life will be revolutionized. In *Worth Dying For*, Jon Coats teaches how we can tune out the negative things people have to say and STOP, THINK and LISTEN to what God has to say. It's time to discover that our life has incredible value because we are worth dying for!
